## Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

***Election/Restrictions***

Claims 20-59 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 6.

Applicant's election with traverse of claims 1-19 in Paper No. 6 is acknowledged. The traversal is on the ground(s) that the claims of the elected group are sufficiently similar to certain claims within group 1 and the concurrent search could be performed without serious burden. This is not found persuasive because the criteria of serious burden, in itself, is not a valid argument for overcoming a restriction requirement. Applicant's attorney admitted in the arguments, that the claims are not identical but similar. Clearly the claims of group 1 do not require the use of a catheter for revascularization. Therefore, the scope and the search of these claims are not commensurate with the claims of group 2.

The requirement is still deemed proper and is therefore made FINAL.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 as worded is incomplete. There is no steps for identifying isolating or providing circuitry to provide a flow of blood having at least 50% pO<sub>2</sub>.

Claim 2, are the first and second locations on the one blood vessel? Did applicant intend to claim either the first or second.

Claim 8 is indefinite. Claim 8 goes back to claim 1 and the body of the claim allows for only one passageway,

Claim 9 is indefinite for failing to further define an additional method step.

Claim 11 is incomplete. There is no method steps that allow for retroperfusion (ie. obstruction).

Claim 13 is indefinite. It is not clear how "a primary extravascular passageway" differs from a passageway. Therefore the claim fails to further define claim 1 supra.

Claim 16 see claim 9 supra.

***Allowable Subject Matter***

Claims 1-19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
